PRODUCTION STUDIO NEAR AMSTERDAM
Thirty minutes from Amsterdam · 263 m² · Fully equipped

ABOUT

1605 Studio is a production studio built by Dutch photographer Bastiaan Woudt. It is the space he wanted for his own work and opens the same space for every production that comes through. The studio is part of 1605 Collective, a creative house with its own publishing, gallery and photography practice. What you rent is what we work in ourselves: fully equipped, quiet, predictable, and easy to work in.
